Coach Zauner's
8th Annual - Free Agent Specialist's Combine
March 14 & 15, 2016
Gilbert, Arizona

From Coach Zauner:

Event and Weather Conditions: I am pleased to announce the 8th Annual Free Agent Specialist's Combine yielded a field of 75 Kicking, Punting and Snapping Specialists.

It is my goal to create a 'Field of Dreams' or showcase event that is comprised of the highest caliber specialists. Only those specialists that I have worked with, evaluated and qualified were allowed to compete. I conduct an 'evaluation' process each year to ensure the 'quality' of kicking, punting and snapping specialists participating meets - or exceeds - the needs of the NFL & CFL teams attending.

The event started on Monday at 3:30 PM at Campo Verde High School located in Gilbert, AZ on an outdoor field turf with snappers testing until 5:00 PM. At 5:15 PM Punters who kickoff and kick field goals were tested. On Tuesday morning at 8:40 AM punters started their Open Field, Directional and Pooch Punt testing with a temperature of 72° and a slight breeze of 2-3 mph. At 11:45 AM, kickers started their testing with kickoffs with temperatures of 84°- 87° and still a slight breeze of 4-6 mph.

Equipment: For this Combine I used brand new NFL (K) balls at regulation pressure. To me, and to all NFL coaches I know, the only way to effectively evaluate a kicking specialist's ability during a private workout or in a Combine event is to have them perform with brand new NFL (K) balls.

Summary: In all, 75 kicking specialists attended the event. Results **-STATS-** of all participating kicking specialists have been emailed to each specialist in addition to the (27) NFL and (4) CFL teams attending the 2016 Free Agent Combine.
